B. COMMITTEE COMPOSITION AND PROCEDURE

The Committee shall be comprised of a minimum of three directors, as appointed by the Board, who shall be “independent” as defined by the rules and regulations of The Nasdaq Stock Market (the “Nasdaq Rules”) and meet the independence, and audit committee composition requirements, as in effect from time to time, promulgated by the SEC, any other exchange upon which securities of the Company are traded, or any other governmental or regulatory body exercising authority over the Company (each a “Regulatory Body” and collectively, the “Regulatory Bodies”).

To the extent permitted by the rules and regulations of any Regulatory Bodies, the Board may appoint one member (provided that such member may not serve as Chair of the Committee) to the Committee who is not independent under the Nasdaq Rules, but who satisfies the criteria for independence set forth in Section 10A(m)(3) of the Exchange Act and the rules thereunder and is not a current officer or employee of the Company or an immediate family member of such officer or employee of the Company, under exceptional and limited circumstances, if the Board determines that membership on the Committee by the individual is required in the best interests of the Company and its shareholders and the member meets all other requirements. The Board shall disclose in the next proxy statement after such determination (or, if the Company does not file a proxy statement, in its Form 10-K) the nature of the relationship and the reasons for the determination. A member appointed in this capacity may not serve longer than two years.

All members of the Committee shall be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement. At least one member of the Committee shall have had past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior

officer with financial oversight responsibilities. The Board will appoint at least one member to the Committee who qualifies as an “audit committee financial expert” as defined by the SEC.

Each member of the Committee shall be elected by the Board following each annual meeting of shareholders and shall serve until his or her successor shall be duly elected and qualifies or until his or her earlier resignation or removal. The members of the Committee may be replaced or removed by the Board at any time with or without cause. Resignation or removal of a director from the Board, for whatever reason, shall automatically and without any further action constitute resignation or removal, as applicable, from the Committee. Vacancies occurring on the Committee, for whatever reason, may be filled by the Board. Unless the Board elects a Chair of the Committee, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

The Committee shall meet as necessary, but at least quarterly, to enable it to fulfill its goals and responsibilities as set forth herein. The Committee can meet in person or by conference telephone or other communications equipment by means of which all participants in the meeting can hear each other. A majority of the members of the Committee shall constitute a quorum for the transaction of business, and the action of a majority of those present, after determining a quorum, shall be the act of the Committee. The Committee may delegate its authority to subcommittees as it deems appropriate. The Committee may invite members of management or others to attend Committee meetings and provide pertinent information as the Committee may request on the issues being considered.

The Committee shall keep written minutes of its meetings and record such minutes with the books and records of the Company. Minutes of each meeting will be made available to the members of the Board and the Secretary of the Company upon request. In lieu of a meeting, the Committee may act by unanimous written consent.

To fulfill its responsibilities and duties, the Committee shall:

The Committee may consult with management in fulfilling these duties, but may not delegate these responsibilities to management.

The Committee shall take appropriate action to oversee the independence of the independent accounting firm. The Committee shall also require that the independent accounting firm provide written affirmation that they are, as of the date of the affirmation, independent in compliance with PCAOB Rule 3520. References to rules of the PCAOB shall be deemed to refer to such rules and to any substantially equivalent rules adopted to replace such rules, in each case as subsequently amended, modified or supplemented.

The Committee shall direct the actions to be taken and/or make recommendations to the Board of actions to be taken to the extent such disclosures indicate the finding of any significant deficiencies in internal controls or fraud.

11. Regularly review the Company's critical accounting policies and accounting estimates resulting from the application of these policies and inquire at least annually of both the Company's internal auditors (if any) and the independent accounting firm as to whether either has any concerns relative to the quality or aggressiveness of management's accounting policies.

18. Prepare, in accordance with the rules and regulations of the SEC, as modified or supplemented from time to time, a written report of the Committee to be included in the Company's proxy statement for each annual general meeting of shareholders.

19. To the extent required by the rules and regulations of any applicable Regulatory Body, instruct the Company's management to disclose in its proxy statement for each annual general meeting of shareholders, Annual Report on Form 10-K and Quarterly Reports on Form 10-Q the approval by the Committee of any non-audit services performed by the independent accounting firm, and review the substance of any such disclosure, taking into consideration the compatibility of such services with maintaining the independence of the accounting firm.

While the Committee has the responsibilities and powers set forth in this Charter, the Committee is not responsible for planning or conducting audits, determining that the Company's financial statements are complete and accurate and in accordance with GAAP, or otherwise providing expert, special or professional assurances or certifications as to the Company's financial statements or the work of the independent accounting firm.

Risk Management

20. Oversee the Company's risk management program, including reviewing management's identification of major strategic, operational, regulatory, compliance and external risks to the business of the Company, including cybersecurity risks and other risks related to information technology, and the steps management has taken to address such risks.

24. Perform an annual self-assessment of the Committee in conjunction with the annual Board evaluation process, the results of which are discussed with the Board.

25. Exercise such additional powers as may be reasonably necessary or desirable, in the Committee's discretion, to fulfill its responsibilities and duties under this Charter.
